

Northmoor Community Association

Share your individual expertise, knowledge and skills whilst gaining satisfaction by joining our talented board as a Trustee of Northmoor Community Association

You would use your skills and experience to influence the development of the charity as an active Board member.

Northmoor Community Association (NCA) is a registered local charity established in 2001, providing PQASSO quality standard services to the community and the variety of groups using our centre and services. We aim to inspire hope and raise aspirations of people to meet their goals, whilst being a friendly, welcoming hub of support in the community. The NCA serves the Northmoor neighbourhood and beyond, and boasts a number of successes both in terms of the range of activities it provides

N.C.A has built up a trusted and well respected position as a provider of much needed local community services, with a busy Community Centre and Community Laundrette. We work in an area of extreme outer-city neighbourhood poverty, helping some of the most vulnerable people and families

Our Vision:

“for the neighbourhood of Northmoor and surrounding areas to be a thriving diverse vibrant community in which the NCA acts as a catalyst in partnership with other community and voluntary organisations, for the provision of local facilities, local employment and community activity”.

Our five core values:

Which underpin the NCA’s mission are: *to be open and inclusive, dedicated, responsive to need, independent and community led.*

Your skills

We are aiming to broaden the experience and knowledge of the Board of Trustees as we continue to develop our services, and strengthen our expertise, particularly in the areas of business development, I.T skills, social media and fundraising. We also wish to reflect the diversity of our service users in our Board, and currently have under-representation from BAME backgrounds at Board level.

What’s involved?

You will attend and contribute to the Board meeting (6 times a year held early evening for 1.5hrs) and depending on your skills you may be asked to attend additional focused sub-group meetings. In return we offer training, out of pocket expenses and the opportunity to develop your skills and experience.

Interested?

If you are interested in supporting our work then please email giselle@northmoorcommunity.org to arrange an informal chat. We look forward to hearing from you and welcoming you on board.
